## COMPANY SQM (SQF)

ENTIRE PREMISES

**74,000** (796,529)

PRODUCTION

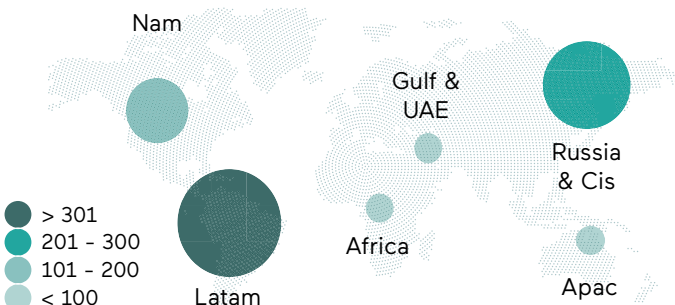

**65,000** (699,654)

OFFICES

**9,000** (96,875)

## EXISTING EQUIPMENT

### BY REGION

## BENEFITS

### CONTROL & SAFETY

IMW equipment is designed to ensure safe operation and compliance with hazardous area requirements for safely loading large volumes of high-pressure gas including sub-freezing gas temperatures.

### HIGH PERFORMANCES

IMW's filling solutions have been designed and built for continuous operation at the highest capacity while ensuring high standards of performance and reliability.

### FULL COVERAGE

IMW's portfolio covers all types of refilling application: from light to HGVs mobility; from loading and unloading (virtual pipeline) to private and public refilling stations.
