

IMW Industries Ltd. is a North American company located in Canada with over 100 years of manufacturing experience. In 1912, IMW started as a Blacksmith shop in Chilliwack, BC and was named Ironsides Machining & Welding, marking the beginning of IMW's journey. As a leading manufacturer of Natural Gas Compression Systems in the alternative energy industry, IMW has supplied over 3,000 compression units worldwide in Midstream, Industrial and Distribution markets since 1984.

PRODUCT OVERVIEW

IMW's Storage modules allow captured CNG to be used instead of needing to turn on the compressor unit. The frame is a steel structure designed to ensure the stability and to avoid the movement of the cylinders.

- Equipped with stainless steel tubing.
- The steel structure is designed to ensure that the cylinders do not move.
- Each cylinder is mounted vertically to allow easy access.
